SIEGENIA 絲吉利婭

SIEGENIA is one of the greatest Europe's producers in window and door metal parts. It was first established in 1914 in Siegen, Germany, and later merged with another well-known metal product manufacturer AUBI from German Hubner Group, and the largest door lock hardware manufacturer in Europe – KfV Company in early 2000s, to become the SIEGENIA-AUBI Group.

SIEGENIA-AUBI has passed the DINEN ISO9001:2000 Management System Certification and the inspection standard RAL Standard from German hardware and lock industry association. With its patented technology in the field of the aluminium-alloy hardware, it has successfully taken the lead in the European Market. In 2003, the Group set up a new logistics base in China, as to serve the rapidly expanding markets in Asia.

Universal has become the exclusive agent of SIEGENIA-AUBI in Hong Kong since 2003. We utilize its metal parts in our door and window systems to improve the quality and safety of our products. Our door and window systems are gradually received high appreciation by customers.
